The Power of a Mother's Faith

Dr. Jim Cooley, First Baptist Birmingham

Today's Scripture: II Timothy 1:1-5

A MOTHER'S FAITH IS AN EVERYDAY FAITH

- A Mother's faith is a faith that is usually not expressed in big moments, but is poured into your life in small, daily doses
- While other people's influence comes and goes, a woman who lives for Christ is there for a lifetime

A MOTHER'S FAITH IS A TRANSPARENT FAITH

- There was no guessing necessary regarding the spiritual commitment of Lois
- She was natural in the way she followed Jesus
- A mother's influence is measured by the way her walk with Christ is simply a part of who she is

A MOTHER'S FAITH IS A NURTURING FAITH

- There is no more committed creature on the face of the Earth than a mother who is committed to bringing her kids to Jesus
- A nurturing faith leads to a desire to spend a lifetime investing in the spiritual lives of your family
- Here is the thing about nurturing love
 - It is committed for the long run
 - It keeps its eye upon the goal
 - It keeps on giving when it feels like giving up
 - It moves mountains a pebble at a time

A MOTHER'S FAITH IS A CONTAGIOUS FAITH

- Timothy spent his childhood being loved and molded by a godly mother and grandmother
- While the Lord called Timothy to follow Paul as a missionary for Christ, it might never have happened if Lois and Eunice had not embraced their own calling to make a mission field of their home.
